brother and sister have set up an account to be able to share and communicate ideas and plans in relation to the gallery heist. Tracy at one point reaches out to her ex husband Joe in regards to helping her pay for their Daughter's school but he would not help unless Terry moved in with him. Terry would also rather move in with her dad as opposed to switching schools. Carry is an old acquaintance of Tracy's, who found out about her old friend's financial situation via a facebook post.

Combing through Tracy's iPhone data, we found conversations between her, her brother Pat, and a parolee named King who would help facilitate the heist. Several emails mentioned buzz around Tracy's office about a foreign exhibit. There are numerous photos of stamps all taken from the gallery as evidenced by the gps location of each photo as well. There are PDF documents showing some stamps were on loan to the gallery for a year and how much they were insured for.

King,
Long time no see...I have a juicy proposition for you. Two weeks from now, me and my associates are planning a heist at the national gallery. Although, we need a helping hand. I know that you are on parole right now and are probably hesitant to participate. Me and your parole officer go years back. He is a very strict fellow. If he were to find out that you were dealing drugs and shooting dope in your veins every night, i feel he would be too happy. It's very easy for a person to phone the feds an anonymous tip that you are on drugs and the location of your stash. All they have to do is give you a drug test and since you're on parole, the feds don't need a search warrant. Well hit me up. You know where to find
